ARPAD KISS

Experience

● Volunteer, Red Cross Youth

Spain

2021 - Present

- Education for young people in various areas, such as cybersecurity.
- Intervention in emergencies involving children.

● Student Delegate

Europe University of Madrid

2023 - 2025

- I took an active role in solving problems related to tasks, schedules, and conflicts between peers. I acted as the voice of my class in meetings with teachers, advocating for improvements in classroom conditions.

● Overwatch Galaxy

Online / Grupal Project

2023 - 2024

- Development of bots in JavaScript for Discord, focusing on an Overwatch server. Improved user experience with custom features, combining JavaScript skills with a deep understanding of the gaming community.

Education

● Europe University of Madrid

2023 - 2025

Cross-Platform Application Development

● 42 Madrid

2024-Present

Soft Skills and C programming

- Peer-to-Peer Learning in which I built knowledge autonomously through interaction and knowledge exchange with peers. In addition to learning C, I developed interpersonal skills and the ability to handle frustration.
